DANNEVIRKE SOUTH SCHOOL CLOSURE

As a result of the Government's announcement this afternoon regarding Covid-19, Dannevirke South School is now closed, except for students of families involved in essential services. That will give an opportunity for these families to make alternative arrangements over the next two days.

Please keep watching news bulletins to ensure that you are updated with information. The school website and app will be updated on a regular basis.

We are organising for student learning to continue and your classroom teacher will be making contact and describing how this will happen.

We do not have final information about who meets the essential services requirements but you can phone me on 0275064862 for any clarification later today. In any case if you are involved in essential services and need your child to attend school over the next 2 days, you must ring me so that we can finalise arrangements.

Stephen Snell
Principal
