

## Day 3

### Morena

Day 3 of the lockdown and I hope everyone is safe and well and coping with being in their bubble

- Have a paper plane competition with your whanau - which plane stays the longest in the air? Which plane flies the longest distance?
- Technology challenge - can you make a shelter - it needs
  - to fit 4 people in it without touching the sides
  - have four sides and a roof
  - to be made from newspaper, string and cellotape
  - to be free standing
- Today's podcast  
Is all bacteria bad?

<https://www.rnz.co.nz/programmes/nanogirls-great-science-adventures/story/2018694755/is-all-bacteria-bad>

- Write a quiz for your family
- Play cards - try this new game  
*This is a fun game for young children. Each player must first pick out an animal to be -- the longer the name, the better. Then all of the cards are dealt facedown to the players. One at a time, each player turns over a card on his or her pile. As soon as one matches the face up card from another player, those two must race and shout out the other player's animal name three times. Whoever is able to do so the quickest, wins the round and must pick up the other's discarded pile. In this game, whoever ends with the most cards is the victor. And to them goes the spoils.*
