

Lock down can be challenging and this photo shows a great way to think about the many positive things our children are learning while they are out of traditional schooling. Schooling is important but learning is so much wider than what we teach in the classroom. Once again, we are here to help in any way if we can. We know some families have experienced job loss and financial challenges and we can help connect you with support. We will be in touch as soon as we receive information about what the next steps may look like. We do ask that you please check your emails or app over the next few days as we will, most likely, need to gather some information from you.
