

PRINCIPAL'S COMMENT

Tēnā koutou katoa Dannevirke South whānau,

There is lots going on at school at the moment with our old sheds and pool being removed, a special version of the NZ Police Cactus Programme called Mahi Tahī starting, our fun run coming up, Minecraft classes occurring and swimming starting for our juniors soon just to list a few. At Dannevirke South we work hard to develop our students, not just academically, but also emotionally, physically and socially and these programmes are some of the things that support this.

This term we have a school wide focus on Respect. Respect for ourselves, each other and for Dannevirke South School. Our first challenge is for our students to decrease the number of incorrect uniform tops, sweatshirts and hats by 40%. If they achieve this over the next 2 weeks they will earn a morning tea sausage sizzle from the school! We would really appreciate your support with this. If you could please ensure your children have the correct uniform and are wearing their school hat we can help make that BBQ happen!

If your child has not joined our fun run please sign up as soon as possible at www.schoolfunrun.co.nz. This really fun event raises a large proportion of our fundraising for the year (especially a year disrupted by Covid) and we appreciate your support with this.

Thank you to all our families who have helped us follow Level 2 protocols and are signing in, limiting visits and wearing masks when on school grounds. These measures help keep all our learners and community safe. The new guidelines will mean changes to some of our end of year events with our Inter-school events having already been cancelled. We love having family and community support at our events but during this time we must ask that families do not attend any school events. As soon as we are able to open our events to the community we will do so. We will communicate any changes with you all and we thank you for your support with this.

Our amazing Teacher Aide, Karen Vanner, is leaving us to start a new adventure joining family in the Taranaki district. We will miss her bright smile but wish her well. Thank you Karen for your many years helping support our tamariki and staff at South School.

Laughing with others happens when you tell a joke, say something funny or laugh at a mistake you have made. Being able to laugh with others makes you feel happy. It makes you think that you might try that action or skill again so you can get better at it. This helps you become a better learner.

DANNEVIRKE SOUTH SCHOOL

"Inspiring Growth, Passion and Success"

We are now seeking enrolments for children turning 5 years old in the 2022 school year.

Please contact the school office for an enrolment pack before the end of October 2021 as we are currently looking at our staffing to ensure we can have low numbers in the junior rooms.

We offer a Transition Programme giving 4-year-olds up to 10 weeks transitioning to Dannevirke South School. These visits can be arranged through the school office.

Recently all the Year 3 girls had an interesting day doing a Self Defence Course with Brie from the Women's Self Defence Network. The programme is funded by the government and is all about keeping ourselves safe and includes making good and bad decisions, talking about early warning signs of danger, trusting our instincts, people we can trust and when it is okay to do self defence etc. They learnt that self defence moves are only for protection and not to be used in play—otherwise they turn into bullies. The girls will have brought home some of the work they did and a poster about self defence. They seem to really enjoy their day and at the end of the day they were each given a certificate.
