

Dear Parents,

We have a pupil at our school who has a severe, life-threatening allergy to nuts and nut products.

Touching or eating items may provoke a severe allergic reaction.

For the safety of this pupil we are asking parents to NOT send any food containing these items to school. (This will include peanut butter and Nutella sandwiches, muesli bars, packets of nuts, baking with nuts in or on it, etc.)

If your child has eaten peanut butter or Nutella for breakfast or any other product containing nuts (e.g. muesli), please ensure they have washed their hands and faces before coming to school.

We want to provide a safe and healthy environment for all of our children, so we appreciate your co-operation with this potentially life threatening situation. If you have any questions, please come and speak to us.

Thank you for your cooperation in this matter.
