

PRINCIPAL'S COMMENT

Kia ora e te whānau,

Last week was a challenging week for many families in our community and it has been really impressive to see our senior leaders immediately move to thinking of ways to help those affected. Thank you to the many people who have sent non-perishable food to school to support those in the Tararua affected by the Cyclone. On Friday morning we will drop these off to the Council Service centre so please can we have your donations before then.

To support the Hawkes Bay we will hold a BLACK AND WHITE MUFTI DAY on Tuesday 28 February 2023. We ask that every student please bring a gold coin donation and we will donate this to agencies who are supporting families in the Bay.

This Friday our school leaders will deliver speeches explaining why they should be selected as our two 2023 Head Students. This will be at an **earlier assembly start time of 2.10** as we want to ensure that they have time to be heard and not be rushed. We would love as many as possible of our school families to be there supporting our leaders - if you can, we would love to see you there.

Our school picnic was postponed due to weather last week and we will be in touch shortly with the new date and time. We were all really looking forward to it and are determined to make it happen this term.

Nga mihi nui

Caroline Transom (Principal)

CALENDAR

House Festival Term 1 2023

House Festival on Monday 13 February was so much fun. Everyone (staff included) came to school in their house colours. Red was for Arawa, blue for Ngāpuhi, green for Tūhoe and yellow for Rangitāne!

The day was split into three different events. Te Puawai organised the first part of the day titled- Wearable arts. Buddy classes got together and created outfits with descriptions for each house. R4 and R1 had Captain Tūhoe, an outfit created by Gucci, Prada and Nike, a star outfit and an art deco creation. It was so great to see all the children displaying excellence by working together, sharing ideas and respecting each other's thoughts. Te Tipu organised the middle block of Monday, where each house team had to create a house mascot or paper chain or cave made out of paper. At 12.30pm all the teams brought their creation to the hall for judging. The creativity displayed by all was outstanding.

Te Kakano organised games in the afternoon where one person from each house had to run to the staffroom to complete a challenge. Some of the challenges were singing a song about the rain, taste testing, moving cotton balls from the floor to a plate and hula hoop for the longest time. Lots of laughs were had as each house shone in different challenges. Overall it was a fantastic day with lots of laughs, creativity and support within each house. Bring on the next house

Te Kakano students are investigating the life cycle of chickens with the help of a very cool incubator and library books. Some of our tamariki are quite knowledgeable about chooks having cared for some of their own. It's awesome seeing them share their knowledge with others and ask good questions which take their learning further. Ka pai tō mahi, tamariki!

There was great excitement in Te Kakano this week as the chicks began to hatch on Monday. The students have counted down 21 days and kept track of the development of the embryo. These chicks will stay in our class for a day or two and then head off to their home on a farm.

WEARABLE ARTS 2023—HOUSE FESTIVAL FUN

On Monday we had the house festival where people came in their house colours and participated in different challenges. Our first challenge was to make wearable art using paper, scissors, tape and a stapler. We had to create an outfit for one of our house members and they had to show off their outfit on a DIY runway doing a catwalk while another teammate spoke about the outfit's features and how it was made. We really enjoyed it and would love to do it again some day!
Lexi & Ali.

THUMBS UP

- To all the people and businesses who have helped our community and the Hawkes Bay community after the devastation caused by Cyclone Gabrielle.
